

Cutting Edge Technologies in Biomedical Research

Joint BOLD / ZF-HEALTH Workshop
4th - 6th May 2011
Karlsruhe Institute of Technology (KIT), Germany

A workshop for **graduate students and junior postdoctoral researchers**, co-organized by the BOLD Marie Curie Initial Training Network and the ZF-HEALTH Consortium

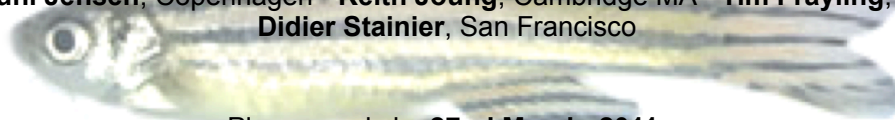

Topics will include:

- High-throughput screening
- 3D imaging
- Next generation sequencing
- Database resources
- Zinc finger nuclease knock-out
- Research management and ethics

Speakers:

Randall Peterson, Cambridge MA • **Stefan Schulz**, Karlsruhe • **Holger Erfle**, Heidelberg
Markus Reischl, Karlsruhe • **Michael Boutros**, Heidelberg • **Jochen Wittbrodt**, Heidelberg
Lars Hufnagel, Heidelberg • **Clemens Grabher**, Karlsruhe • **Urban Liebel**, Karlsruhe
Ferenc Mueller, Birmingham • **Uwe Strahle**, Karlsruhe • **Boris Lenhard**, Bergen
Lars Juhl Jensen, Copenhagen • **Keith Joung**, Cambridge MA • **Tim Frayling**, Exeter
Didier Stainier, San Francisco

Please apply by **27nd March, 2011**.
